WINPAK OPENS NEW FACILITY

On Monday April 23, Winpak Heat Seal Corporation, a subsidiary of Winpak Ltd., celebrated the grand opening of its facility in Pekin, Illinois. This new 75,000 square foot building is located approximately 15 minutes from the old facility in Peoria and stands on 25 acres of land in the Riverway Industrial Park.

On hand to celebrate the occasion were the Chairman of Winpak Ltd. and representatives of the Board of Directors. Also in attendance were the President and Chief Executive Officer of Winpak Ltd., as well as senior executives. The event was attended by employees, customers, state and local government officials, designers and members of the construction trade.

A ribbon cutting ceremony was held to dedicate the new facility, which was highlighted by a speech from the Chairman, Mr. Aarnio-Wihuri. He expressed confidence that the new modern facility would increase efficiency and that the employees would continue to build on Winpak's position as the leader in die-cut lidding in North America.
