

WINPAK RECEIVES CDP SCORE

Winpak is delighted to announce the results of their first filing to CDP (Carbon Disclosure Project) in 2018. The CDP is a global disclosure system that enables companies and various governmental entities to measure and manage their environmental impacts. It provides a ranking system for companies to see how well they are performing with achieving their sustainability objectives.

In their 2018 CDP filing, Winpak received a score of B-. This score demonstrates Winpak's high level of environmental stewardship, and actions in managing climate change.

“The CDP score is a major validation to Winpak’s incredible strides to accomplish its sustainability goals”, said Mustafa Bilgen, Vice President, Technology and Innovation. “It serves as a baseline on which Winpak will continue to improve upon and provides a clear understanding of where we need to focus our efforts and resources”.
